

Application for Sewer Rate Adjustment when filling Swimming Pools

City of Olds
P.O. Box 185
Olds, IA 52647

The City of Olds allows you to apply for a reduction in your sewer bill once a year if you are filling a swimming pool. Since the sewer rates are based off of your water usage, and the water you are using to fill the swimming pool isn't making its way into the city lagoon, the City of Olds will adjust your sewer rate once a year on the month you fill the swimming pool as long as you have filled out the application for the sewer rate adjustment. Once we have received the application for the sewer rate adjustment our Water/Sewer department will adjust your sewer rate based on your previous monthly averages.

Please fill out the form below and submit to the City of Olds prior to filling your swimming pool. Once you have filled this form out please mail it to the following address, or drop it in the utility drop box outside city hall. Please make sure you clearly mark the envelope "Application for Sewer Rate Adjustment for filling Swimming Pool":
